The article text describes the outsourcing of financial processes to Accelya and lists several benefits.

Accelya manages critical financial processes for bmi regional
Source: Accelya 12/02/2013

Mumbai, 12th February 2013: Accelya, today announced that bmi regional, the British regional airline, has outsourced its passenger revenue accounting, sales audit, refunds, card billing and chargeback processing to Accelya.

"When bmi regional became independent from the bmi Group in June 2012, we needed a partner who could provide us with solutions to our financial requirements within a very tight timescale. Accelya delivered to our needs for both card processing and revenue accounting and enabled us to focus on the key business processes, knowing the areas outsourced to Accelya were in good hands", said Cathal O'Connell, Chief Executive - bmi regional"

Accelya's financial solutions will enable bmi regional to:

- Streamline their critical financial processes
- Support decision making with accurate and timely revenue reporting
- Identify sales errors and frauds
- Centralise and standardise card processes
- Streamline and speed up chargeback process
- Manage refunds effectively
- Speed up industry compliance like SIS and PCI DSS
- Get single-vendor accountability
- Reduce cost of operations

Bmi regional outsources finances

Tuesday 12 February 2013

British airline bmi regional has outsourced its passenger revenue accounting, sales audit, refunds, card billing and chargeback processing to solutions provider Accelya.

The airline had been searching for a partner to handle its financial requirements since becoming independent from the bmi Group in June 2012. "With our integrated financial solutions, bmi regional has been able to start operations quickly," commented Neela Bhattacharjee, head – airlines SBU, at Accelya.
